Our Program

The program at GUMC Preschool is planned to meet the individual needs of each child. All children are taught at their own level of development. This environment includes hands-on learning experiences for the children in areas of: art, music, literature, letter and number readiness, self-esteem building, creative movement, cooking activities, perceptual skills, social skills, and large/small motor coordination.

Some of the Christian practices we will be learning are love, friendship, sharing, caring, forgiveness, song, laughter, praise, respect, prayer, cooperation, helping, patience, gentleness, kindness, hospitality and play.
